

40277

Dear Zs Mezibori Kopecky Parents,

Receive much regards from me here hoping that you are doing fine. I hope that you are all doing okay - How are you? I am doing fine and just looking hard in school.

I have closed school for the August holiday and I thank you for enabling me stay in school by paying my school fee. I appreciate you for everything that you are doing for me. Thank you for your kind support towards me.

This past term is always the longest and full of activities. there were many sports activities like hockey football and table tennis. Music festivals were also held and competition was very stiff.

Those who proceeded will be going for the East and Central Africa Competitions in Tanzania.

We are now experiencing a cold and wet climate. People are putting on warm clothes in order to prevent themselves from getting ill. How about the weather in your country? Is it favourable?

Otherwise, I have to stop here for now. I am hoping to hear from you soon. Pass my regards to all your family and friends.

Yours friend
Brenda Anyango
